Reference: Final report and notification of certificate

Dear members of the Board of Directors of Istituto Nazionale Tumori IRCCS "Fondazione G. Pascale",

Congratulations!

The OEI Accreditation and Designation Board has approved the final report and the updated Improvement Action Plan sent on the 21st of June 2021. The A&D Board has designated your institution as an OEI Comprehensive Cancer Centre. The input for the plan were the opportunities as well as the no/partially scorings in the final report as raised by the audit team in the virtual peer review visit held on 24 to 26 November 2020.

With your approval, we would like to hand over one aluminium certificate plate and one paper certificate during the OEI General Assembly in June 2022 in Valencia. We can send a paper certificate to your centre.

The certificate will contain the following notification

*Istituto Nazionale Tumori IRCCS "Fondazione G. Pascale
Naples, Italy*

meets the quality standards for cancer care and research and it is therefore designated as:
OEI Comprehensive Cancer Centre

The certificate is issued on: 16 July 2021 and will be valid till: 16 July 2026.

The one year follow-up of the actions and deadlines set in the action plan will take place in July 2022.

We look forward to the fruitful continuation of cooperation in the OEI Accreditation and Designation Programme.

On behalf of the OEI and the Accreditation and Designation Programme,

Prof Thierry Philip
OEI President

Simon Oberst
Chair OEI A&D Programme
